MEMORANDUM FOR: Deputy Director for Resource Management

FROM: Director of Central Intelligence

SUBJECT: 1978 Program Decision Memorandum: Intelligence

REFERENCE: Memorandum from SecDef, dtd 29 July 1978,
same subject

1. I find this SecDef program decision memorandum on intelligence quite interesting. I think we might want to keep in mind the percentage changes that SecDef recommends when his program goes up or down. Interestingly, it appears that the CCP goes down the most and up the least.
